

## 202210 Premier

Extra slip resistant and easy-to-clean shoe with Nanotoe™ and elastic laces that can be tightened quickly and easily with a single pull. The outsole has a solid ladder grip and a stabilising shank that counteracts twisting and distributes the pressure across the entire sole. The gel pad in the heel ensures exceptional shock absorption and cushioning. The shoe is made of breathable, durable and water resistant Permair® leather, while the inner lining is made of sweat transporting and fast-drying Sympatex Moisture-Tech® with extra reinforcement in the heel. Breathable and antibacterial inlay sole with extra soft and pressure-relieving memory foam from heel to forefoot. Extra toe reinforcement, metal free, ESD approved and PVC-free. With lightweight, thin and strong toe cap of carbon nanotube reinforced fibreglass.
